What We Do

Pre- Engineered Building Systems (PEB)

- ◆ Hyundai Construction Equip. Ltd, Chakan, Pune
Supply Of Structural Shed

Pre- Engineered Structure With Trussless Roofing

- ◆ Sany Construction Equip. Ltd, Chakan, Pune- Supply And Installation
Of Structural Shed

What We Do

Pre- Engineered Building Systems (PEB)

- ◆ Mezzanine Floor Systems consist of Galvanised Steel Decking supported by joists that are connected to the main mezzanine beams. A reinforced concrete slab is cast in situ on top of the steel decking. The primary mezzanine beams usually run across the width of the building and the joists mostly run lengthwise (parallel to the roof purlins).

Pre- Engineered Structure

- ◆ Supply Of Pilot Plant Skid- Fabrication & Assembly

Top 4 Reasons to Hire GC

Value at Every Step of the Process
